Theft Insurance Away From Home

An "off premises theft rider" may sound like cowboy slang for a cattle rustler, but an independent insurance agent explains it as an economical way of insuring household effects against theft away from home. It covers items like children's bicycles when at school, golf clubs in the locker-room at the club.

YOUR HOME TOWN

Stirling is a friendly town. If you live here, don't run it down. Any union — to be strong, Must stick together, to get along.

Now it's a "free" country as you well know. And it's nobody's business, where you spend your dough.

But the more of it you leave in Town, Makes it more successful all around.

Now I've found out before too-day. Some don't agree with all I say. I also found out long ago.

You can't please everyone you know. But I think the merchants really try. And when there're things you have to buy.

Their friendliness relieves the "pain" As you close that empty wallet again. If "Stirling Stores" were closed up tight.

Just think of the "High School" that is no more. And some of the "churches" that have closed the door.

It sure would be an awful sight, If "Stirling Stores" were closed up tight.

A picture I don't need to make. To shop in town is no mistake. If you want "Your Town" to really grow.

That's the place to spend your dough. D. M.

FOR A MORE INTERESTING PAPER

To keep the members of the community informed about each other's activities this paper depends to a large extent on its staff of correspondents, its contributors and its advertisers. There is always room for improvements, however, and this can be affected if the members of our Family of Subscribers take the following suggestions which we noticed in one of our exchanges:

"There has never been a newspaper printed that satisfied everybody. But there is a very simple method by which better newspapers can be produced and that is for those who subscribe to them to take an individual interest in seeing that they get more local and personal news. Not that you are expected to become a reporter when you become a subscriber, but because the newspaper stands as the exponent of all that is good for your community and because civic pride should, therefore, lead you to encourage such an institution."

"If you have visitors, if you have been a visitor, if you are going to be one, your neighbors are sure to be interested about it. Tell them through your home town paper. Every little item of a local or personal nature"

JUST WANDERING

Just seven Senior Citizens arrived at the Hall in one piece, over the wet and icy streets last Thursday. We had a good time and for lunch we cleaned up everything in the kitchen; even the balance of chocolates.

There is no scandal for this week so here I go wandering.

They say a paratrooper is a soldier who climbs down trees he never went up.

I have heard that when a man thinks his mind is getting broader, it's his conscience stretching.

It is said that an ungrateful man is like a hog eating acorns under a tree — he never looks up to see where they are coming from.

Some think marriages are made in Heaven. Maybe that's why some married people are always harping at each other.

A young man should make no mistake these days in choosing a wife — he certainly can see what he's getting.

Aln't This a Bum One?

I test my bath before I sit. I'm always moved to wonderment. What chills the finger not a bit. Is frigid upon the fundament.

Post Office Announces New Box Lobby Hours

The Post Office Department has selected Stirling Post Office as one of those to be used in conducting an experiment on the feasibility of keeping lock box lobbies open continuously, 24 hours a day, 7 days a week.

If the experiment is successful, the additional hours of service will permit many boxholders, who may now find difficulty in getting to the Post Office during the present hours, the opportunity of picking up mail at their convenience. This does not mean, however, that mail will be sorted to the boxes more often. It will continue to be sorted during the normal operating hours when staff is on duty at the office for that purpose.

The new lobby hours will begin next week on trial only and their continuance will depend on the results of this experiment.

AQUAINT YOURSELF WITH TOWN PLANNING

This is one of a series of short articles prepared by your Planning Board for the purpose of acquainting residents of Stirling with Town Planning.

What is Planning?

Planning is making decisions today with intelligent and informed thought for the future. Community planning is the process through which the responsible agencies of the community — large or small — decide what policies and other measures are necessary to produce an environment for pleasant living and a community that is efficient and economical to operate. Important features in a community planning program are the existing and future pattern of land use; the location and adequacy of roads, schools, recreational areas, and other public services, and the financial resources of the community to meet its obligations in developing a desirable physical environment.

Before sound decisions can be made, it is necessary to select goals, collect all of the pertinent information, analyze this information and prepare a plan to guide future development.

Planning is the process of making decisions based on a careful study of all relevant information available. Related measures such as subdivision control and zoning by-laws, while necessary in the implementation of the planning process, do not themselves constitute an adequate planning program.

Hoard attended the two sessions of the annual meeting of Belleville Presbyterial at Picton, on Wednesday, January 29th. The guest speakers were Rev. and Mrs. Russell Young, missionaries from Korea. Mrs. Kenneth Weaver attended all three sessions.

At the Sunday afternoon service Mrs. James Hoard rendered a vocal selection.

On Saturday evening, the February committee of the U.C.W. catered for a banquet to the St. Andrew's West Huntingdon Club with forty in attendance.

On Friday evening, Mr. William Johnston, of Stirling, who was visiting at the home of his nephew, Mac Sharp, had the misfortune to fall on the ice and fracture two bones in his

right wrist.

Mr. and Mrs. Will Jeffs and Howard spent Sunday with their daughter and husband, Mr. and Mrs. John Ferguson, Picton.

Mr. and Mrs. Clarence Scott, also Mr. and Mrs. Everett Sine, Minto, attended the funeral of their aunt, Miss Mary Tiddle, at the Hattin Funeral Home, Bancroft, on Monday, February 3rd. Mr. and Mrs. Herb Higgs, of Milton, were also in attendance.

Mr. and Mrs. Douglas Barnum, of Campbellford, were dinner guests on Saturday evening at the home of her sister, Mrs. Will Jeffs, and Mr. Jeffs.

WHY . .**Is February a Good Month to Buy a Used Car from a New Car Dealer**

If you can't afford a NEW CAR — buy a good USED CAR

1. In February, every used car has been checked and conditioned by the auto dealer, to meet bad weather driving conditions. The car is safe, made so to meet winter hazards. It starts when it's cold, the heater works, the windshield wipers work, defrosters and other accessories have been fixed or replaced. The car is ready for rough usage.
2. A used car, tested under February driving conditions, has to be right, and it is easy for you to find out if it is. What's more, it costs the auto dealer more to keep his cars looking presentable, what with rain, slush, therefore he would like to have fewer used cars on his lot and this tempts him to deal with you at prices lower than the rest of the year. He's perfectly willing to let you save the money that it would cost him in polish, etc.
3. And always remember, the Local NEW CAR DEALER, who has all his life's savings and his family's happiness bound up in his local place of business, has much more to protect, when he sells you a good reconditioned used car, than does the dealer who does business some 70 or 80 miles away and feels that you won't bother him if something goes wrong.

HASTI-AGRI-GRAM**THE FARM NEWS LETTER
OF HASTINGS COUNTY**

The Hastings County Hog Producers' have announced a series of three meetings for the month of February. They call these Pork Production Days. The idea of the three sessions is to provide as much information as possible in the shortest time for the hog producers in the county.

The first day is the Regional Swine Conference, on February 5th being held at the Rock Haven Motel, Peterborough. The morning will be taken up with explanations and discussion on the New Grading System and some of the implications that can be seen as developing trends. In the afternoon, those in attendance, will have an opportunity of choosing one of three workshops. These deal with Feeding of the New Grading System and Herd Health.

The second day deals with the annual meeting of the Hastings County Hog Producers'. It takes place on February 12, at the township hall in Ivanhoe, starting at 1:00 p.m. Regular annual meeting business will be conducted. In addition, this is election year and nominations will be received between 2 and 3 p.m. for the 6 committee men seats on the Hog Board. Special speaker for the day is, John Long, Canada Department of Agriculture. He will deal with the New Grading System.

The third, and final day, of the Quinte Swine Program is February 19th when the Quinte Workshop on "Weanling Pig Production" will take

place. This has been arranged by the Ontario Department of Agriculture and Food in conjunction with the Hog Producers' Association of the Quinte counties. It recognizes the fact that the production of market pigs is falling in the Quinte area, but the production of the weanling pigs for sale to the other areas of the province has a large and growing business. The workshop will be conducted by Garnet Norrish, Ontario Swine Specialist and Dr. Pete Oliver, the Ontario Swine Diseases Consultant. The workshop will cover all phases from the dry sow stage to the weaning of the litter.

Douglas Farrell and his Board of Directors of the Hastings County Hog Producers' urges that everyone in the swine industry make note of these meetings and plan to attend the sessions that are of most importance. They note that the annual meeting affects all producers.

**New City on Trent
Tied To Airport Bid**

A band of Quinte-district boosters were in Ottawa Tuesday hoping to fire federal enthusiasm in an audacious vision of their home region's future.

That future — as they project it — would utterly transform the Quinte area, socially, economically.

It envisions:

An international airport. Catering to the age of the superjet and supersonic traveller, it would be situated on the lonely Lake Ontario shoreline of Prince Edward County.

A new, planned city. In part

housing the workforce created by the least a proposal for a gambling casino exclusive to air passengers that could rival Las Vegas in clientele volume.

For all the dazzling proportions of the projects, the brief is no dream sequence.

It falls into line with current federal thinking on the future. Already, the government has decided not to expand the Toronto international airport. A new location must be found for a super jetport and the Quinte bid is part of a current promotion scramble by Ontario communities.

As for the planned city, the new community concept was first proposed by Transport Minister Paul Hellyer.

It also is the surprise of the local brief.

The airport proposal has been public knowledge for months. In fact, it was first mentioned at the Liberal nomination convention selecting an air terminal, it could be built along the Trent River, north of the Macdonald-Cartier Freeway.

Both projects are outlined in a brief which was presented to transport department officials by members of the Prince Edward-Hastings Liberal Association.

The document fairly runs over with futuristic supporting ideas — not the candidate for the 1967 federal election.

But the planned-city project was not publicly unpacked until the brief was outlined to reporters just before its sponsors were Ottawa-bound.

The new city is projected as a suit-

ably radical twin idea for the airport project.

Emphasizes the brief: "Wherever the new airport is built, it will act as a magnet to draw new industry, and before long a new city will be growing around it helter-skelter. For this reason, it is only reasonable to plan both the new airport and the new city for the same general area. In this way the department of transport can maintain control of the entire development and avoid the complete chaos that could result."

The city site selected by the brief's boosters is a corridor five miles wide 15 miles deep, on either side of the Trent River and Trent Canal.

OF MANY THINGS

By Ambrose Hills

MY NEIGHBOURS HOUSE

My neighbors house has a golden roof. He doesn't know it. He's too busy shaving. And getting ready to drive to town. The silly clown.....

This morning, having an early coffee at the kitchen window and watching a most delightful sunrise, I scribbled that bit of doggerel on a scrap of paper and forgot it there. After a trip to the barn to feed Woolly-Bully, Willy-Nilly, Ducky-Wucky and the Silkie, I came back to the house, and paused at the door to remove my rubbers (for Nora has me partly trained now). While standing there, I heard Kathy, giggling, say to the twins, "Poor Dad, he's in one of those moods again.....he'll be doing that butternut wisdom stuff all day!"

Franny said, "Yeah.....hope he doesn't notice the snowdrops are in bloom.....he'll go ecstatic!" Great gales of laughter met this witticism, and I stepped into the midst of it.

Martha, who can be as quick with a quip as any of them, said, warmly I thought, "Never mind Dad.....I like it when you get.....you know....."

"Schmaltzy?" I asked.

"Well, sort of square". Perhaps I should have sentenced them to an hour's reading of Wordsworth or some of those old birds who could really lay the sentiment on the line, but I didn't.

Fact is, I actually like being a bit on the square side, a bit corny. For my money, there is far too much sophistication these days. Anyhow, the farm does do something to me, knocks the cynical edges off and turns me into a sort of poor man's Edgar Guest.

The girls laugh at it; but, if they'd confess it, they are all a little bit like Martha, and I've seen them stare entranced at sunsets through the cypress trees. It is impossible to live on a farm like this, surrounded by beauty and impish, likable animals without getting somewhat earthy and sentimental about it all from time to time. Right, now, it's early evening and one by one the stars appear above us.....oh, heck, I'm at it again! I'd better go and clean the barn. That will bring me down out of the clouds.

**Predict Increase
Price of Tires**

Canadian motorists can look for a price hike in passenger tires this spring, W. L. Dack says in The Financial Post. The increase could be announced within the next month or two. It will be based chiefly on the cost of the second step up in wage rates under the three-year wage contract signed last year with the United Rubber Workers of America. The Financial Post notes that tire prices moved up an average 7-8 per cent in two steps last year. The likely spring rise is expected to be in the 4-6 per cent range. Outlook for the rubber industry is bright, particularly in the tire segment. The Post says that industry executives are forecasting further gains in tire shipments this year of 6-10 per cent. Tires and tubes represent more than 60 per cent of the annual sales volume of this \$650-million industry.

**River Valley W.I.
Card Party**

On Friday evening, January 31st, Elver Valley Women's Institute sponsored their fourth card party at the School House with twelve tables in play.

Twenty-two guests were in attendance from Stirling, Pinegrove, Mount Pleasant and Trenton.

Mrs. Sheldon McIntosh and members of the Education Group provided the refreshments.

The prizes were: Ladies' high, Mrs. Sheldon McIntosh; second, Mrs. Kenneth Tompkins; Men's high, Milford Wrightman; second, Harry Heasman.

**Hamburg Patties
With a Difference**

Frozen hamburger is a satisfying combination of low cost, good flavour, and convenience. The following recipe for delicious patties comes from the Home Economists at Macdonald Institute, University of Guelph.

Thaw patties at least two hours at room temperature. They may be cooked frozen but this means a longer cooking period. Sprinkle the patties with pepper and salt. Cook until well browned on one side, turn, and cook on the other side. This will take 8 to 10 minutes.

Now on each patty, place 2 teaspoons butter, a few drops of Worcestershire sauce and a few drops of lemon juice.

Cook just a few minutes longer to develop a good flavour. Place on a platter and garnish with parsley.

**Keep Records
For Insurance**

It's wise to keep a record of your household effects. This timely reminder comes from the Ontario Insurance Agents' Association which

points out that details on cost, place of purchase, and age of household articles are helpful when settling insurance claims.

Experience proved that \$1,000 is a realistic amount of insurance to carry on the contents of each room in your home.

His funeral was held in Havelock on Saturday. Deepest sympathy is extended to the bereaved ones.

Everything mobile ground to a stop on Wednesday evening when the ice storm made travel almost impossible. The continuous rain made the work of the sanders almost useless. FOREST FIRES IN CANADA

On the average 6,000 fires burn in Canada's forests each year. This total has been kept at about the same level since 1930 in spite of a doubling of population plus greatly increased forest travel due to more leisure time, more automobiles and more forest access roads.

St. John's Church Plans Suppers

Annual Mixed Curling Bonspiel Proves Highly Successful

On February 7th and 8th, the Annual Mixed Curling Bonspiel of the Stirling Curling Club took place.

Some very close games were played on keen ice with Mother Nature being the chief killjoy when she caused some bumps to appear on the ice during the afternoon.

This 'spiel was sponsored by Molson's Brewery which donates a perpetual trophy for the first event and smaller individual trophies to the winning rink. This presentation was made by Mr. Williamson, of Molson's, and the winning rink was the rink of C. Witham, Campbellford, who played in 2nd position and whose wife, Carol, played lead. Skip was Jack Gall and vice-skip was Elizabeth Gall.

This rink was a very experienced group of curlers and it is a credit to Stirling to be able to attract rinks of this calibre. It is also a credit to the rest of the curlers present that the winners had to work hard for every game.

The first event runner-up was the rink of Ted Sexsmith (skip), assisted by vice, Linda Sexsmith; 2nd, Ray Twiddy, and lead, Lorna Twiddy, all from Madoc. This team was very sharp and lost only by a small margin, and expressed great appreciation of the capabilities of our ice-maker, Allan McDonnell. This appreciation is enthusiastically seconded by the entire Club.

The second event was won by the rink skipped by Morris McFaul, vice, Marjory McFaul; 2nd, Stan Reynolds; lead, Zella Reynolds, from Marmora. All are old friends of past years and other spels and the skip is a past master of the "Draw Game".

Second event runner up rink was skipped by Dr. Murray, vice Sue Williams, second Lorne Maxwell, lead Modine Maxwell. They lost their first game to first event runner-up Ted Sexsmith, won their second game against enthusiastic Wiegier deJong and their third game against Ken Gillies an ex-president of Stirling, in a photo finish in an extra end, and then fell flat on their faces when they failed to score a point against the onslaught of Morris McFaul.

Third event winner was the rink skipped by Ray Sharp, of Campbell-

Catches Large Pickerel

Don Tucker, proprietor of West End Bait Shop, reports catching a 9-pound pickerel on Friday of last week. The fish, which measured 29 inches in length and 16 inches in girth, was caught near Glen Ross, while ice fishing on the Trent River.

Local Curlers At Tweed

At Tweed during their midnight to breakfast curling bonspiel this past week-end a Stirling team consisting of Gilbert Finkle, George Noble, Robt. Noble and John Noble, came home with fourth high score.

Wiegier deJong, of town, also was in on the prizes.

Bereft of Daughter

Sympathy is extended to Mr. and Mrs. Joseph Thompson and family, Spring Brook, on the death of their daughter, Jane Elizabeth Thompson, in her 3rd year, who passed away at Kingston General Hospital on Sunday, February 9th, 1969.

Besides her parents, she is survived by two sisters and one brother, Mary Ellen, Margaret Anne and George, all at home.

She was a granddaughter of Mr. and Mrs. Winfield Harrison and Mrs. George Thompson.

The funeral service was held at the Howden Funeral Home, Marmora, on Tuesday afternoon.

Interment was made in Mont Nebo Cemetery, Spring Brook.

I. V. Jamboree Making Record

Lyle Couch

The big news from the Trent Valley Country Jamboree this week comes with the announcement that at last, after three years, the Jamboree will have a record out for sale, featuring Lyle "Krazee" Couch and the Cactus Cowboys Band. The first record ever made of Jamboree talent.

Lyle is well-known throughout the district, having lived in the Stirling area most of his life and he attended school in Stirling. At present Lyle teaches at Westmount School in Peterboro and has appeared on the big Jamboree many times, telling witty stories and reciting Red Sovine songs at the Jamboree at Stirling Theatre.

The Band, from Belleville, has also appeared many times on the Jamboree and country music fans are very anxious to get the record of Lyle Couch and the Cactus Cowboys Band doing the Stirling version of the ever-popular "Deck of Cards" and "Ten Little Bottles". Records will be available within a week and everyone who attends the show is quite excited and anxiously waiting to get a copy of this recording.

A picture of Lyle Couch appears on the beautifully coloured envelope of the record and a write-up about the Trent Valley Country Jamboree appears on the back of the envelope. This recording by Lyle Couch will be a collector's item as the quantity of records will be limited until the second shipment arrives.

Stirling Swingers

On February 3rd, Stirling Swingers entertained the Campbellford Wagon Wheelers' Square Dance Club. There were six sets of square dancers who enjoyed the evening and the local Club is planning to entertain another group in the near future.

We are now able to reduce our nightly admission fee to 50c per person. Visitors are always welcome.

ACQUAINT YOURSELF WITH TOWN PLANNING

This is one of a series of short articles prepared by your Planning Board for the purpose of acquainting residents of Stirling with Town Planning.

Planning Boards
Planning boards in Ontario are established to operate within planning areas defined by the Minister under the Planning Act. There are three different types of planning boards: single independent, subsidiary, and joint.

Single independent planning boards are set up where the planning area consists of part or all of one municipality. Subsidiary planning boards are established where the planning area consists of part or all of one municipality that is included within a larger planning area. Joint planning boards are established where more than one municipality is included within the planning area.

Members are appointed to the planning board by the council of the municipality or, in the case of a joint planning board, by the council of the designated municipality. Once the planning board has been estab-

lished, a chairman and vice-chairman should be elected and a secretary treasurer appointed.

Normally, the planning board should be composed of 4, 6 or 8 members in addition to the head of the council of the designated municipality.

While there must be at least one municipal councillor on every planning board, and while it is often thought to be a good idea to include more than one, The Planning Act rules against a majority of members of a planning board being members of council.

In all instances, members of the planning board who are members of a municipal council should be appointed for one year. Members of the planning board who are not members of a municipal council shall, on the first appointment, be appointed for one, two and three year terms of office so that one-third of these members will retire on January 1st of the first year following their appointment, one-third on January 1st of the second year, and one-third on January 1st of the third year.

Stirling Minor Hockey Teams Enter District Playdowns

(by Mike Finnigan)

STIRLING BANTAMS

FEB. 3rd

In the first period Madoc came out a different team. It seemed they carried the play for the first five minutes. A good bodycheck by Sills seemed to set Stirling at ease. Art Reid missed a goal mouth opportunity. Ron Andrews was robbed on a breakaway by Madoc netminder. Stirling finally broke the goose-egg with Rick Farrell bulging the twine, assisted by Rick Williams. Import Bill Jackett from Stirling scored from twenty feet out assisted by Donnie Campbell.

Second period goal went to Art Reid. Highlight of the period was the skating and stick handling of Bill Jackett and the forechecking of the Stirling crew.

In the third period Donnie Campbell scored from Greg Anderson. Greg came back quickly to score from Andrews. Madoc got on the scoreboard with Jones scoring from Anderson. Rick Farrell scored two goals and he seemed to be all over the ice. Art Reid closed out the scoring. Final score Stirling 9, Madoc 1.

PEE WEE GAMES

Feb. 4th — The Pee Wee's are a team to watch in action. An example of this is their impressive win over the high class Wellington team 7 to 6. Tom Reid scored four goals, with Robbie deJong, Cliff Reid and Ken Jackett scoring single tallies. Good goaltending by Terry Bush was the story of the game.

Feb. 7th — Wellington evened the series with a 6 to 4 win.

STIRLING NOVICES

They kept their unbeaten streak throughout the season, capping it off with a convincing win over Wellington Friday night 11 to 1. The goals were scattered among Mark Dobson, Doug Bastedo, Paul Munro and Gary Utman.

They begin their playoffs this week so let's hope their streak will continue and carry them to the finals.

STIRLING MIDGETS

BOW OUT

Stirling Midgets have bowed out of the play-downs, losing to the Marmora crew.

Congratulations to Stirling Midgets on a good season and to their coach Gary Mason and the loyal fans who supported them all year.

JUVENILE GAMES

On February 5th Stirling defeated Madoc by score of 7 to 2. Russell Hagerman notched the hat trick, Glen

Ross Kira.

There's Something Brewing

Padre Crook, our Vice-Pres., thought that Past Pres. George was really used to talking to the ladies so he asked him to thank Iva Aythart, Lenora Williams and Mrs. H. David, who prepared and served over forty Senior Citizens a lunch last Thursday.

The Padre took charge of the meeting for Pres. Fred, who was at home getting in shape for St. Valentine week now coming up. Don't miss this meeting, kids, for I smelled a rat and it looks like a dooser.

Beware — When Cupid hits his mark he usually hits it.

Dis ole Scribe hopes you are feeling better, Fred, and fit to be a target for Cupid. I hear you are likely to be exposed.

We were happy to have Mr. and Mrs. Nathan Wannamaker with us. Come again.

Married life is like making a bed — it usually helps to have some one on the other side.

Before marriage a man yearns for a woman — After marriage the "y" is silent.

"A husband who talks in his sleep, may easily ruin his wife's nerves", says a specialist. "Especially if she can't quite hear what he's saying."

One thing this country needs is — Fewer self made widows.

So You Think You Got Troubles

All the fleas have little fleas Upon their legs to bite 'em. And these 'n turn have lesser fleas, And so — ad infinitum.

Dis Ole Scribe

Spencer notched a pair with singles to Gord Spencer and Les Pyear.

On February 9th in Madoc, in a rough and tough contest, Madoc evened the series by a score of 4 to 2. Some great saves by Greg Dajoe kept Stirling in the game.

Next game will be in the Stirling Arena Friday, February 14th at 9 p.m.

STIRLING PEE WEES WIN COLBORNE TOURNAMENT

The Stirling Pee Wees, rebounding from a playoff defeat the night before travelled to Colborne on Saturday and came back with the trophy. They were victorious over Havelock 3 to 3, Marmora 7 to 2 and Colborne 6 to 4. Congratulations Pee-wees and to your coach Bert Bastedo and manager Ross Kira.

WHY ..

Is February
a Good Month to Buy
a Used Car from
a New Car Dealer

If you can't afford a NEW CAR —
buy a good USED CAR

1. In February, every used car has been checked and conditioned by the auto dealer, to meet bad weather driving conditions. The car is safe, made so to meet winter hazards. It starts when it's cold, the heater works, the windshield wipers work, defrosters and other accessories have been fixed or replaced. The car is ready for rough usage.
2. A used car, tested under February driving conditions, has to be right, and it is easy for you to find out if it is. What's more, it costs the auto dealer more to keep his cars looking presentable, what with rain, slush, therefore he would like to have fewer used cars on his lot and this tempts him to deal with you at prices lower than the rest of the year. He's perfectly willing to let you save the money that it would cost him in polish, etc.
3. And always remember, the Local NEW CAR DEALER, who has all his life's savings and his family's happiness bound up in his local place of business, has much more to protect, when he sells you a good reconditioned used car, than does the dealer who does business some 70 or 80 miles away and feels that you won't bother him if something goes wrong.

River Valley W.I.

On Thursday February 6th, Mrs. Gerald Brooks was hostess for the meeting of River Valley Women's Institute. There were eighteen members, three visitors and two pre-school children in attendance.

Mrs. Roy Tucker presided and opened with the Institute Ode and The Mary Stewart Collect and a welcome to all.

Mrs. Ernest Carr read the January minutes and correspondence which included several thank you notes and a special letter of greeting from Mrs. Austin S. Zoeller of New Hamburg, newly elected president of the Federated Women's Institutes of Ontario. Mrs. J. L. Donohoe gave the financial report. Mrs. Gerald Brooks was chosen to attend the Officers' Conference at Guelph in May.

Two choices were made for the Senior Training School course.

The next meeting on March 6th will be held at the home of Mrs. Percy Craighead. This is designated as Fun Day, so come as you are at 8 o'clock that morning.

There will be two more card parties in February and on February 23, a pot luck supper and program will be held at the school house and

all are welcome to attend. Bring your own food and dishes. One group will set up the tables and another group will arrange the program.

Mrs. Gerald Brooks, leader of the 4-H Club displayed the various stitches used in the Needlecraft Course, also an apron and a tote bag. She gave a brief picture of what the girls are expected to accomplish in their course.

Mrs. Roy Irven read a humorous article entitled "Blue Monday". Mrs. Alex Bush read about "Hastings County Administration" and Mrs. Glenn Bush told of a questionnaire to the Hall-Dennis Report.

Mrs. Percy MacMullen said twenty-seven guests were in attendance at the meetings in 1968. Just recently Mrs. MacMullen had mailed various clippings re River Valley W.I. to Mrs. Coombs, Link Secretary in England. For Public Relations, Mrs. MacMullen read a poem on that theme.

Mrs. Roy Tucker in her A.C.W.V. report stated that the January Pennies amounted to \$1.15. She read an article from The Countrywoman Magazine re "Youth at the Triennial Conference" "The Future Homemakers of America" is a national organi-

zation of girls and boys studying Home Economics in Junior and Senior High Schools. On U.S.A. Day, a chorus of 4-H Clubs delighted the audience with their singing. The Pennies for Friendship were gathered.

Mrs. Gerald Brooks presided for programme which centred around Historical Research.

The Tweedsmuir History Book, arranged by the curator, Mrs. Roy Bush, and several scrap books were displayed. The object is to keep accurate records of interesting events in the River Valley community.

The roll call showed many items of information and a large number of pictures for the Tweedsmuir collection. Mrs. Roy Bush gave an outline of what is required in writing the history of the various farms.

Mrs. Percy MacMullen read an article which she had synopsisized from material written by Mr. Clarence Chard on the theme "If not recorded, it may be forgotten". This contained various stories of interest which had occurred in the Saskatchewan and Manitoba areas during the years that Mr. Chard was an agent for the C.N.R. One item of particular interest told how a twenty-year-old Cree Indian located a surveyor in the dense forest in North East Saskatchewan where there were no roads no trails and no compass. This surveyor had been gone for a week and no one knew where he was surveying, when the message came from Ottawa for him to return home, and the young Cree Indian volunteered to find the surveyor. An Indian could start a fire with a piece of flint and a piece of steel and it is believed that

the Indians were the first to smelt iron and copper in Canada.

Mrs. Gerald Brooks gave a message about "The Beaver, the Emblem of Canada", and showed pictures of a beaver dam.

Mrs. Roy Tucker gave a picture of the early settlers and reviewed many items of the olden days.

Mrs. Ernest Carr said five men could erect a log house in four days and she displayed pictures of historic log homes.

Several members of the Historical group gave a vivid picture, telling how the settlers fashioned their own tables, chairs and beds, and how wells were dug in order to procure water; the making of homemade soap. They told of how farmers did statute labour before the days of paying taxes for the upkeep of roads. The second part depicted housekeeping in days of yore, which told of dried apples, wild honey, maple syrup, skimming milk before the day of the cream separator, the story of bees and also a few ways in which women were able to earn a little spending money. Mention was made that Mr. A. D. McIntosh, of River Valley, was the first Agricultural Representative with an office in Stirling; also that seventy-three years ago, a pair of twins were born in the Valley.

The conclusion was given by Mrs. Roy Tucker and she said in their programme they had tried to show how women have assisted with agriculture down through the ages. She closed with a poem entitled, "Age Is The Quality of the Mind". The Institute Grace closed the meeting. The hostess and Mrs. Glenn Bush, Mrs. Percy Craighead and Mrs. Vernon Harry served a variety of fruit bread and cheese, after which Mrs. Alex Bush voiced appreciative thanks for hospitality, programme and refreshments.

Miss Jessie L. Beattie, Hamilton, Ontario, author of fiction and non-fiction, is the judge for 1969.

Stirling W.I.

The February meeting of the Stirling W.I. was held at the home of Mrs. Arnold Wannamaker on Wednesday, February 5th, with 12 members, 2 visitors and the usual small boy.

The President, Mrs. Clifford Clancy opened the meeting with the Mary Stewart Collect and the Ode. The roll call was to name a way in which progress is changing our lives. The answers were varied and many and took the members back to horse and buggy days and brought about a bit of reminiscence of the good old days when we older folks were much younger.

The Secretary, Mrs. Frank Smith, read the minutes of the last meeting and a number of circular letters. Greetings from the new Provincial President and several business letters were dealt with.

A motion was made for the Secretary to contact Miss Mary MacEachern, Home Economist, for information regarding the sponsoring of a 4-H Club.

Several subjects of future dates were brought up for discussion with Mrs. Raymond Chambers making a motion to donate \$5.00 to Stirling Fair Board, to be given as first and second prizes on quilts at the Fall Fair. The motion was carried.

The Annual Music Festival held in Stirling each Spring was next in order and a motion was made by Mrs. E. Foster that the usual donation of a Bible be given to the child giving the best Bible reading at that event. Mrs. Bartlett passed around two

lovely quilt tops she had made for the Institute from woolen material.

Mrs. B. Reid a letter from Mrs. Bert Searles asking if the Institute would do some quilting for her. Mrs. Reid will contact her to tell her that the Institute will do the quilting.

The topic for the day was Horticulture and the guest speaker was Mrs. F. Armstrong, President of the Stirling Horticultural Society. She opened her talk with a very humorous reading and from there on to many subjects of flowers. Mrs. Smith thanked her for her talk.

Mrs. E. Foster gave two readings and Mrs. Smith conducted a jumble letter contest, "Names of Trees" and gave a reading.

The meeting closed with The Queen and Mrs. Wannamaker served a dainty lunch, assisted by several of the ladies.

NATIONAL ELECTRICAL WEEK, FEBRUARY 9TH TO 15TH.

How much home are you missing through outdated wiring?

When this house was built it was hard to imagine all the wonderful ways in which electricity would be serving us today. That's why the wiring in so many older homes just isn't adequate for today's needs.

There are many signs. Fuses blowing. Lights dimming. Appliances performing sluggishly. Cluttered extension cords. Not enough outlets.

So, if you're planning to modernize your home, think first of the wiring. Have a qualified electrical contractor check it. You'll be surprised at how easily and inexpensively it can be updated. Or just ask your Hydro.

The Name of the Game is Electrical Living.

Jehovah's Witnesses At Convention

"Down through the ages the Creator has demonstrated his love for man and this in spite of the fact that man has shown little love for his Creator," said a travelling minister of Jehovah's Witnesses to an audience of 802 at the Moira Secondary School in Belleville, thirty from the Stirling area were in attendance.

Speaking at the semi-annual circuit assembly of Jehovah's Witnesses Sunday afternoon, Arthur Powley, of Toronto, traced the evidences of God's love for man from the creation of Adam and Eve until our day. Following the theme "God's Way Is Love", Mr. Powley added: "Love marks all of God's dealings with man. When he placed Adam and Eve in the Garden of Eden, he was not stingy with them. He gave them an abundance of food, plus a beautiful home in which to live.

"As in the case with many of the human race today, they did not appreciate His love, but broke His command. When they were driven from Eden, God showed His love for their unborn offspring by deferring their death sentence until they could produce children," he said.

"The pinnacle of God's love came when He sent His son, Jesus Christ,

to die for our sins. We did not deserve it. It was truly 'undeserved kindness' on Jehovah's part." Answering the question: "What has God done for us today?" Mr. Powley said: "He has established His Kingdom under the rulership of His son, Jesus Christ. Soon this Kingdom will move against all wickedness and eliminate it completely. It will then be instrumental in instituting a paradise earth in which there will be no sickness, suffering or death. Divine love will even bring about the resurrection of the dead."

Mr. Powley explained that our appreciation for God's love can be demonstrated by studying the Bible and learning about His purpose for man.

"The Bible is available to the majority of people today," he said. "We should not take it for granted and put off reading and studying it. Let us not forget that only four hundred years ago people were burned at the stake for reading it, and it may be banned in the future. As we continue in our searching of the Scriptures, we will be certain that we can place our faith in Jehovah, the Creator. A study of the Bible will only buttress our conviction that 'God's Way Is Love', Mr. Powley concluded.

A local Witness who shared on the assembly program was Kalvin Lidster, of R.R. 2, Frankford. On Friday evening, he spoke on the subject, "Proper Worship Pleases God".

Donald — Mallory Wedding

Patricia Diane, daughter of Mr. and Mrs. Arthur Raymond Mallory, of Stirling, and Robert John Donald, son of Mr. and Mrs. Robert Donald, of Oakville, were married by Bishop Garnsworthy at St. John's Anglican Church, York Mills, December 28, 1968, at 2 p.m.

The bride wore a floor-length gown of imported Swiss-embroidered de-lustrated satin, styled of princess lines, with long sleeves and a train of the same material falling from the shoulders. She wore a crown fashioned of petals to match the embroidery in the gown with a cathedral length veil of French silk illusion. She carried a bouquet of rubrum lilies and nemes. Her attendants, Miss Gaye Cudney of Welland, maid of honour, Miss Gale McIntyre of Orillia, Miss Peg Mallory of Stirling, and Miss Lynda Donald of London, England, as bridesmaids, wore princess-styled floor length dresses of mint green crepe and carried nosegay bouquets of roses, azalea blooms and fuschia cyclamen petals with velvet streamers in hot pink and fuschia red. They wore matching velvet bows in their hair.

The reception was held at the Four Seasons Motor Hotel, Toronto. The bride's mother wore an A-line dress of bluish pink French crepe with matching hat and shoes while the groom's mother wore a dress of turquoise crepe with a beaded necklace and matching accessories. Mr. John Touchie, of Toronto, was the groom's attendant and the ushers were Mr. Bruce Heslip and Mr. Carl Glatt of Toronto and Mr. Ron Lyon of Oakville.

For her wedding trip to Nassau the bride chose a dress of imported Swiss flowered cotton with a matching coat of Scottish tweed in a fuschia red and had black patent accessories. She wore flowers in her hair to match her corsage of red roses and white hyacinths. Since their return the couple are residing in Oshawa.

Out-of-town guests were present from Copper Cliff, London, England, Orillia, London, Belleville, Stirling and Oakville.

Prior to her marriage, Patricia was entertained at miscellaneous showers given by Mrs. John Clarke, Toronto, Mrs. John Rudat of Bramalea, and Miss Gale McIntyre at McMaster University, Hamilton. A Trousseau tea was held in her honour by her aunt Mrs. Raymond Jackson, Toronto. The groom's parents entertained the wedding party at a dinner following the rehearsal.

Federation of Agriculture Held Annual Meeting

Icy roads and adverse weather conditions cut attendance at the Hastings County federation of agriculture annual meeting and banquet held Friday evening at the United Church in Madoc.

Only about one half of the people who had purchased tickets braved the elements and made it to the banquet.

But president Charles Fargey had a welcome for members who were able to get to the meeting and reviewed the county federation activities during the past year.

David Crone, director of research and marketing, OFA Toronto outlined the work of the federation at the provincial level and stressed the need of a single general farm organization and the part which farmers must take to attain it.

He referred to the import of British made tractors and the cost savings possible and said there were re-

quests for many more of the imported machines.

Other speakers during the evening were Mr. Cayley, fieldman for the OFA and county agricultural representative Douglas Tipper who reported on the county farm service club, made up of the soil and crop improvement association, the plowmen's association and the farm safety council. Banquet guests were entertained by the United Church Junior Choir under the direction of Mrs. Robert Devolin.

New officers elected are as follows: OFA member Charles Fargey of Stirling, president, Donald Martin, Tweed, vice president, Donald Sills, Holloway, second vice president Alex McCurdy, Stirling.

Secretary is Wilfred Forestell of Madoc township, treasurer, Allan McDonnell, Stirling, and press secretary, Mrs. W. Forestell.

Directors are Arthur Bates, Roslin, Russell Sills West Huntingdon, James Thompson, Harold, Ralph Clement, Stirling, Robert Mallory, Frankford, Glen Bush, Stirling and Griffin Ketcheson, Foxboro.

Lady Directors Stirling Agricultural Society Held Annual Meeting

The annual meeting of the Lady Directors of Stirling Agricultural Society was held in the I.O.O.F. Hall, following a pot luck supper with the Agricultural Society.

The President, Mrs. Kenneth Weaver, opened the meeting with a welcome to the many directors present.

The minutes of the last annual meeting were read by the Secretary, Miss Gena Spry. Roll call showed eighteen directors present and one visitor, Mrs. Ken Mumby. Her name was added to the list of directors.

Mrs. Mac Sharp gave the Treasurer's report and the secretary read the Agricultural financial report.

A motion was made that the same officers hold office for a second year, as follows:

Past President — Mrs. Maurice Clancy

President — Mrs. Kenneth Weaver

1st Vice-President — Mrs. Floyd Armstrong

Secretary — Miss Gena Spry

Treasurer — Mrs. Mac Sharp

It was decided to revise the Prize List and committees were formed for each section.

A skit, "How Do You Do It", was presented with Mrs. M. Sharp, Mrs. A. Pye, Mrs. M. Clancy, Mrs. E. Armstrong and Mrs. K. Weaver taking the parts. This skit is to be given at the annual meeting of District No. 3 Fairs at Club Canara, Belleville, on February 6th.

Mrs. G. Sutherland and Mrs. Ray Short served coffee and the meeting adjourned.

Those attending the Ladies' Division: Mrs. K. Weaver, Mrs. F. Armstrong, Mrs. M. Sharp, Mrs. M. Clancy, Miss Gena Spry, Mrs. A. Pye, Mrs. P. Bronson, Mrs. G. Sutherland, Mrs. C. Fitchett, and Mrs. I. Saries.

New Books At The Library

New books at the Library include the outstanding book of poetry, "The Wind Has Wings". This collection from the work of many Canadian poets can carry the reader from the silent, lonely world of the Ice King's Palace to the searing heat of a forest fire; from the turbulent rushing waters of the rapids, to the quiet garden where walks the Sisters of the Hotel Dieu. Young and old alike will delight in the excellent and colourful illustrations, which add so much to the enjoyment of this book.

A big new edition of Mother Goose Nursery Rhymes will appeal to the younger reader — all the old familiar favourites are there, and many others, traditional but less well known.

"Wonders of Fossils", by William H. Matthews III, brings interesting glimpses of the past, and is an informative book on this absorbing subject.

"Both Ends of the Leash" is for those who want to enjoy owning a well-behaved pet, as it gives many ideas on how to train your dog, and so to have more pleasure in your association with "man's best friend". For those who like an exciting story about a dog, that has become a well-loved classic, "White Fang", by Jack London, is sure to please, and "Dune Boy", by Edwin Way Teale, is another timeless tale of nature, and a boy's adventures.

There are many more books for young readers about their favourites, horses and dogs, on our shelves, so, Happy Reading!

Novices, Bantams and Juveniles Advance To League Finals

(By Mike Finnigan)

NOVICES

February 10th:

The Stirling Novices defeated the Brighton squad last Monday night, 5-2, but had to fight for their lives to win. The scoring was divided among Cliff Reid, Gary Utman and Doug Bastedo. The Brighton club looked like they were out to prove something. The next game will be in Brighton Saturday afternoon.

Feb. 15th:

The Novices scored a squeaker here, winning 4-3 in overtime. The rare occurrence of a penalty shot was called by the referee. Gary Utman scored on the shot. The winning goal in overtime was off the stick of Mark Dobson. The other goals were scored by Doug Bastedo. Congratulations, Novices, and good luck against Wellington.

BANTAMS

Feb. 10th:

The Stirling Bantams ousted the Madoc team last Monday night by a score of 9-5. The goals were distributed among Ron Andrews, Rick Farrell, Greg Anderson, Bill Jackett, Mike Hunter and Rick Williams, the Glen Ross product.

Feb. 14th:

The Bantams travelled to Tweed and were on the short end in a real tight game, 7-6 in overtime. I received some comments on the game from Ron Hadley and he told me that the team was behind 4-0 before they started to get on track.

Feb. 17th:

On Monday night at the local arena, Stirling Bantams evened the series with Tweed in an exciting contest by a close 5-4 score. Next game for the League Championship will be played here Thursday night.

JUVENILES

Feb. 14th:

Valentine's Day proved to be a lucky charm for the local pucksters. The Juveniles seemed to want this game very much. They skated and checked the Madoc crew into the ice at every moment. The two teams traded goals in the first period back and forth. Les Pyear and the two Spencer brothers provided a lot of colour for the fans. The Bastedo, Hagerman and McMullen line were at their best and contributed to the scoring. Steve McKenna, Keith McConnell and Keith McMullen provided some anxious moments for the Madoc netminder.

The scoring was divided among Les Pyear, Russell Hagerman, Robert Bastedo, Gord and Glen Spencer, Larry "J. C." Jeffs. The net minder, Greg Dafeo, was at his best. The defence is anchored by Gary Thompson, supported by Larry Jeffs, Rick (Dorey) Wright and Gord Sills. The highlight of the evening to me was the scoring output of Larry Jeffs.

Feb. 16th:

In the first period, the first good scoring opportunity was supplied by the Spencer brothers, Gord and Glenn. Then about twenty seconds later, Les Pyear was foiled by the Madoc goalie from point-blank range. Graham opened the scoring for Madoc, assisted by Bailey. Minutes later, Robert Bastedo was robbed of a goal. Les Pyear finally scored only to have the goal disallowed because of an offside. Stirling tied the game, Pyear scoring, assisted by Glenn Spencer.

During the second period, the two teams played very cautiously for the first ten minutes. Bastedo on a fine play, set up Hagerman, only to have the puck roll inches by the post. Gord Spencer scored from Pyear on a fine one way effort by Les. Gord Spencer tallied quickly, assisted by Glen Spencer and Les Pyear. Greg Dafeo robbed Rollins from close in. Bastedo scored from Russell Hagerman. Thompson scored on a J. C. Tremblay shot seconds later. Francis scored, assisted by Smith.

In the third period, Ralph Francis scored for Madoc, to narrow the count to 5-2. Stirling scored two quick goals. Wayne McMullen, assist-

Mrs. E. A. Carleton Honoured By Friends

Mrs. E. A. Carleton was a dinner guest last Friday evening of Mr. and Mrs. Buttmer Belshaw, but this pleasant little dinner party later turned into a big surprise party.

Some of Mrs. Carleton's neighbours and friends, knowing she was soon moving away from Stirling, wished to honour her in some way before her departure so in co-operation with her host and hostess and Mrs. Mae Graver, they planned together for this purpose.

By 8.30 p.m., the Belshaw's spacious living-rooms were full of friendly acquaintances and conversation flowed freely.

Mrs. J. L. Good, a former neighbour of the Carleton family, called the gathering to order and in a most friendly, informal manner, spoke feelingly of the pleasant relationships enjoyed between the Carleton family and all their neighbours and friends in the community. She expressed regret that Mrs. Carleton was leaving our midst, after living among us for many years.

Mrs. Mae Graver presented the guest of honour with a travel vanity case from the group of well-wishers and hoped she would find it possible to visit friends in Stirling often.

Mrs. Carleton graciously expressed her appreciation to all for their kindness, and said she would be able to make good use of the thoughtful gift as she would be travelling south in the very near future and intended on her return to make her home in Toronto.

A delicious lunch was served by some of the ladies present and just before the guests said their good-byes to Mrs. Carleton, our host said how happy he and Mrs. Belshaw had been to have this friendly gathering in their home, as the both of them were so closely associated with Mrs. Carleton and her late husband, Dr. E. A. Carleton, not only as personal friends, but also in Church and many community organizations.

And so ended a very pleasant evening, in a friendly home with a very surprised and gracious guest of honour.

ed by Hagerman and Robert Bastedo. Gord Sills scored from Russell Hagerman two minutes later. Pyear scored from Keith McMullen. The period Smith sent out with minor and major penalties. Ralph Francis scored his third and fourth goals of the game. Congratulations, Juveniles. They move on to the finals of the league against Tweed. If they continue to skate and check well, the Stirling locals should get by this strong Tweed team. Good luck, fellows.

THE BIG BLOW

Like a wind tunnel was the force of air that came from the throats of those celebrating birthdays last Thursday. A large area of candles went dead suddenly from the shock. Della Descent, George McMullen and Fred Heasman were the powers behind the blow. If they can suck like they can blow, they'd drain Oak Lake in short order.

There were sandwiches and cake all over the place. Della was sent a cake from Mary Doran and Grace Donohoe. George McMullen was greeted by what completed three generations: his daughter, Marion Sharpe, his daughter-in-law, Helen McMullen, his niece, Marj. Stapley, and his granddaughter, Kathy Sharpe who along with her pal, Jill McAdam, served us all. Fred got in on the whole deal and sure did a good job on the large box of chocolates that Della gave the Club. Many happy returns, you kids. Della, George and Fred expressed their thanks for the nice tribute paid them on their birthday.

Girls' Hockey Team In Tourney

On Sunday, the Stirling Girls' Hockey team competed in a girls' tournament held at Warsaw.

The local girls won their first round game by a score of 2 to 1 over Aspley. Scoring for Stirling were Betty Reid and Shelley Farrell.

In the second round, they went down to defeat to a much older and more experienced Campbellford squad by a 3-0 count.

Lakefield won the championship over Campbellford 5-1.

Following the games a turkey dinner was served the players and officials.

ACQUAINT YOURSELF WITH TOWN PLANNING

This is one of a series of short articles prepared by your Planning Board for the purpose of acquainting residents of Stirling with Town Planning.

Functions Of Planning Boards

Planning boards are strictly advisory bodies. They cannot legislate or make policy decisions. Their function is to make recommendations to council based on a careful study of all of the factors involved — land use, traffic, education, recreation, municipal finances, and so forth. It is the municipal council that must make the final decision as to whether or not to accept the recommendations of the planning board. However, where a planning board submits a recommendation to council — especially so in cases where technically qualified planning assistance is available to the planning board — council has a responsibility to weigh the recommendations very carefully.

To achieve a sound and effective planning program, it is essential that the planning board and municipality co-operate in planning matters. The planning board must be kept informed of the policies and decisions of the municipal council. On the other hand, it is important that the planning board should keep the municipality informed of the planning program and its progress.

The next meeting will be Feb. 15.

Mt. Pleasant U.C.W.

On Wednesday, February 12th, about forty people enjoyed a pot luck dinner at the Church Hall at noon.

Mrs. Burton Sharpe presided for the business. Mrs. Grant Hubble read the correspondence. Mrs. Frank Spencer gave a report of the recent catering, under the direction of the January and February group.

Plans were completed for catering at a farm auction sale.

The World Day of Prayer will be held in St. Paul's United Church with

a missionary as guest speaker on March 7th.

Mrs. W. C. Cox was in charge of the programme, based on the theme "Stewardship of Time, Talents and Money".

Mrs. Garth Joslin read "The Parable of the Talents".

Mrs. Robert H. Hoard sang several verses of a song on that theme and Mrs. Harry Brown gave the accompaniment on the ukulele. Some of the members read Bible verses found in 1st Corinthians.

Mrs. Kenneth Weaver gave the meditation on the Stewardship of Time.

Mrs. Herbert Smith and Mrs. Donald Johnson presented a short skit entitled, "A Dollar's Worth of Love".

Mrs. Thomas Saries sang "My Task", and the meeting closed with prayer.

Have you ever stopped to think how many times you use your phone during the course of a day, a week, a year? Probably not. Well, whether it's to order a forgotten item from the store, arrange for a baby sitter, change an appointment, check on the car or chat with a friend, there's a good chance you make more calls in a year than your counterparts elsewhere in the world.

According to the latest figures, Canadians are still the most talkative people in the world when it comes to telephones. Mind you, Americans are running a close second. In 1967, Canadians averaged 667.7 calls per person; that's 7 more than our friends south of the border. Mum's the word in Burma, however; citizens there made the least number of calls . . . an average of .7 each in 1967.

Of the 222 million telephones in the world in that year, more than 103 million were located in the United States. Canada was in sixth place with 8.4 million phones in service . . . that's 40.65 telephones for every 100 people. The average for the world is 6.4 for every 100 persons.

"I WANT TO MAKE A MACPHERSON TO MACPHERSON CALL!"

If I were to ask where to find the noisiest place in the world, I bet I'd get as many different answers as there are readers of this column. But I'm not going to ask because, if there is one thing that's easy to find these days, it's noise. Quiet? Now that's another story. Still there are a few remaining havens where quiet reigns supreme, and one of them is the anechoic chamber or "Dead Room" at Northern Electric's Research and Development Labs in Ottawa. The room is shielded from 99 per cent of noise by thick masonry walls, isolation from the building in which it is housed and elaborate acoustical filters lining the room and ventilation system. The Dead Room is used for precise measurements of speech and hearing, and for work on receiving, producing and transmitting sound.

Men's Open Bonspiel Sponsored by Corby's Distillery

This event took place on January 10, 11, past and apology is made for not reporting it sooner, but day to day problems interfered.

This bonspiel was very keenly contested. The ice was good, and the quality of curling was of top calibre. The winning Rinks deserved their honours and had to work hard to earn them.

Appreciation is expressed, for assistance in prizes, to Pattersons Mens' Wear, Elaine Footwear, Burrows Jewelry, Mouck's Hardware and Corby's Distilleries.

An unexpected event transpired during this Bonspiel when Curling boots, designed by Doug Bensley of Stirling and made by Elaine Footwear, of Stirling were donated to all male members of Stirling Curling Club who do not have curling boots. This presentation was made by John Svoboda on behalf of his associates at Elaine Footwear. Thank you John.

First event winners, winners of the Corby's Distillery Trophy for the second consecutive year was the rink of Ted Barnard, Vice was John Shortland, 2nd, Jim Williams, lead, Ralph Gay. They won smaller trophies also and curling sweaters. This rink functions like a well oiled machine and

Ted's ability to read ice certainly paid dividends.

Runner up for first event, and winners of Curling Boots was the Rink of Harold Thompson vice, Doug Harry, 2nd, Don Delia, Lead. Claude Reid all of Stirling. Harold is a new curler, a new skip as regards years of experience and this achievement is a credit to his tenacity. Indeed we of ten wonder if he will wear out before the game ends, he works so hard.

Winner of the Second event was the Rink of Gilbert Finkle, vice, Bob Noble, 2nd; John Noble, Lead. Skip, G. Noble. All from Stirling. They won electric clocks.

Runner up for 2nd event was the Rink of Ted Saxsmith of Madoc and prizes were barsets.

She stressed unity in Christianity and stated how the new forms of mission work take us to many different places.

Mrs. Bert Cooke read the Scrip-

tures, Luke 10: 25-37, Matthew 22: 35-40 and Mark 12: 28-34. Mrs. E. E. Hurst, Soil and Crop Specialist, McGee continued with a study on these readings. Mrs. S. McIntosh read a poem, "A Song to St. Valentine".

HAYLAGE DAY

Haylage Day will be held Monday, February 24th, in the Legion Hall, Stirling, at 10.30 a.m.

Total year-round feeding systems seem to help the labour problems on many farms, particularly the dairy farm. Forages harvested as medium moisture silage commonly called "Haylage" can provide all the forage part of the ration as a top-quality product.

A number of people in this area have tried the Haylage System and have been very well pleased with the results. Many others would like to find out more about haylage and what it could do for them on their farm. If you are interested in finding out more about it, plan to attend, if you have already tried haylage, please come and share your experiences with others. This will be a workshop-type meeting with participation by all those interested.

HOW TO REPLACE LOST HUNTING LICENCES AND BACK PATCHES

Hunters who lost their current year's hunting licence or back patch can obtain a duplicate by writing to district offices of the Department of Lands and Forests.

A replacement licence, plainly marked duplicate, with corresponding back patch, will be mailed upon receipt of a signed declaration of loss providing name, address, number of the lost licence or back patch and name and address of the issuer selling the lost licence. An issuing fee of 25 cents should accompany applications for replacement licences and/or back patches. The address for this is Dept. of Lands and Forests, Metcalfe St., Tweed, Ont.

Some hunters are wondering why their driver's licence number is requested by issuers of hunting licences. Ontario drivers are assigned a permanent licence number and these are filed so that they can be retrieved very rapidly by computers. The same system can be used for hunting licences; new "auto pick" numbers, as they are called, can be provided those who do not own a driver's licence. The system provides a very rapid means of obtaining information on lost licences and whether a licence applicant has held a previous licence.

Immediate identification of hunters following the receipt of back patch numbers observed in the field is also possible. This is an important aspect of the back patch system which is designed to improve the behaviour of the few irresponsible hunters who cause problems afield.

I might add that it is now mandatory to wear these back patches while hunting in this district.

It would also be a good idea to write your licence number down and

file it away, just in case you do lose your licence some day.

FISH CAN BE AGED

The microscopic examination of a scale reveals concentric rings which are formed as the fish grows. Superficially, the pattern resembles a finger print. Fish grow at different rates in summer and winter and this is apparent in the scale pattern.

Fast Seed — Seeding from the air is a fast method of regeneration. 200 acres can be done in an hour. However, it must be done on a day when there is very little wind or the seed may drift.

U.C.W. Belleville Presbyterian Holds Annual Meeting

The seventh annual meeting of the Belleville Presbyterian United Church Women was held at Picton United Church, Jan. 28 and 29th with the theme of the meeting "Is Your World Too Small?" All sessions were presided over by the president, Mrs. Harry Pearson of Wellington.

Speaker at the evening session was Rev. Warren H. Bruleigh, minister of program and leadership development of Woodruffe United Church in Ottawa.

As an introduction to his address those present were divided into groups where they briefly discussed the areas of concern or problems to them or the women they know. Among these were personal concerns, family concerns, community concerns, regional concerns, provincial and international concerns.

Music during the evening was supplied by the quartet from Picton United Church.

ited Church. Greetings were extended at this time by Rev. R. F. Sherwin of Picton.

On Wednesday morning greetings were extended by Mrs. Earl Welbanks, president of Picton U.C.W. and by Miss Vina Noul, president of the Bay of Quinte Conference United Church Women. She announced that the conference annual meeting would be held March 3 at Trenton. The Regional Conference for Women will be held this year at Queen's University, on June 20-22. This is arranged by the Bay of Quinte, Ottawa and Montreal Conference and this year will also include the Anglican Women of the same area. The school for leaders will be held at Albert College, Belleville Aug. 22-24.

Mrs. T. W. Spear, literature secretary spoke on the literature available. Mrs. V. Zuleit spoke on Camp Quin. Mo-Lac and presented their needs. At the present time there are three needs — more counsellors, more campers and more help financially.

The speakers for Wednesday were Rev. and Mrs. Russell Young, missionaries from Korea. Rev. Young works in rural evangelism and Mrs. Young is a nurse and also teaches English. Both said that in Korea today large cities are quite westernized but that the rural sections are still living 200 years behind the times. The people are full of superstitions and all life is full of spirits. They said that the need for education is great and most rural women over 30 cannot read or write, and while many are now receiving an education it is always the male who receives first chance.

The missionaries work with the church in Korea and their job is to encourage not push. Today they are trying to meet the needs of the total man. In medical work they help staff the hospital in the cities but the need is great in rural areas.

Lunch was served by the Picton U.C.W. and the afternoon session opened with devotions conducted by the Napanee U.C.W. A solo was rendered by Mrs. Ronald Collier of Picton. The afternoon presentation took the form of a skit and told about the new stewardship services department which will take effect in 1970.

Rev. R. T. Sherwin conducted the election of officers as follows: president, Mrs. Harry Pierson of Wellington; vice-president-elect Mrs. T. W. Spear, Trenton; recording secretary, Mrs. Henry Gray, Picton RR 5; corresponding secretary, Miss Helen Sexsmith, Napanee; treasurer, Mrs. Ernest Ward, Picton, and regional vice-presidents, for Hastings Centre, Mrs. George Williams, Stirling RR 1; Hastings South, Mrs. Norman Campy, Carrying Place RR 1; Prince Edward East and West, Mrs. Eric Post, Picton RR2; and Lennox and Addington, Mrs. George Collings, of Napanee RR 7.

Portfolio secretaries as well as chairmen of standing committees were also elected at this time.

Burkitt Heads Milk Committee

Robert Burkitt of Frankford is the new chairman of the 1969 Hastings County Milk Committee. He replaces

George Wood of Ivanhoe who stepped down from the chairmanship but still remains as a county director.

Milk committee vice chairman is George Sutherland of Stirling, while Douglas Harry, RR Sidney Township remains as secretary treasurer.

The 200 members attending the annual meeting in Stirling on Friday voted to change the committee constitution slightly.

Formerly 13 of the 16 committee directors came from the dairy oriented nine southern townships, and two from the north end of the county.

At the meeting it was decided that membership should be made up of 14 directors from the south and only one from the north. Ronald Graham of Tyendinaga is the additional member from the south, while Gordon Card remains as the northern representative.

The members also decided to recommend to the next annual meeting that provision be made for directors to serve on a rotational basis. Directors would be elected for a three year term with five directors elected each year.

Lorne Hurd, general manager of the Ontario Milk Marketing Board, reviewed developments in the No. 1 milk marketing pool and discussed problems in other divisions of the dairy industry.

A question box on all aspects of the dairy industry concluded the meeting.

Summary Day "Vegetables With A Flair" Held

(By Mrs. Percy MacMullen)

Approximately one hundred and
twenty-five Institute members and
friends gathered on Wednesday, Feb-
ruary 12th, in Stirling Community
Hall for Hastings Summary Day in
connection with the Senior Institute
training project, entitled "Vegetables
With A Flair".

The Home Economist, Miss Mary
MacEachern, Nanapanee, was in charge
and Miss Lois Clipsham, Specialist
from The Home Economics Branch,
Toronto, assisted.

The arrangements for the buffet
were under the direction of Mrs. Al-
len Thompson, Queensboro, and Mrs.
George Wood, Ivanhoe. A long table
was the centre of attraction. Two
lovely vegetable centrepieces were
arranged by Mrs. Thompson. The
twelve groups provided the food for
main course, side dishes, salads and
desserts. A copy of the recipe was
placed beside each dish of food and

the ladies in attendance received
printed copies as a souvenir of the
day.

There were a variety of salads, car-
rot cake and bread, pumpkin cake,
turnips with apple sauce and several
other tasty foods, all nicely arranged.
During the afternoon, special time
was allowed to view the exhibit and
then the ladies enjoyed sampling the
food in buffet arrangement.

Miss Hazel Thompson, Queensboro,
was chairman and she introduced the
leaders and assistants. There were
seventeen ladies in this group and
they were given an ovation and re-
ceived their badges. A special wel-
come was given to Institute members
and friends, who were in attendance.

A film, "A World of Food in Your
Kitchen", presented an Eastern culi-
sine with an accompaniment of music
and dancing. A large array of Chi-
nese and Japanese food was pictured
attractively.

Miss Lois Clipsham, in her mes-
sage, gave a resume of the success of
the project and passed on several
helpful hints about vegetables.

The twelve group leaders gave a
report of the number who began the
course, those who finished and all the
members in attendance from that In-
stitute were counted and each group
assisted with the programme:

Sidney South — Leader, Mrs. Roy
Nobes; poem read by Mrs. H. Regens-
burg.

Uniondale — Leader, Mrs. Morley
Sine; skit by Mrs. Robert Burkitt,
Mrs. Milton Grills and the other mem-
bers, "A Lovely Little Petunia in a
Vegetable Patch".

Madoc — Leader, Mrs. H. Empey;
humorous selection, Mrs. Brintnell.
Ivanhoe — Leader, Mrs. George
Wood; a humorous vegetable song by
all.

River Valley — Leader, Mrs. Al-
bert Wilhelm; thirteen ladies pre-
sented a skit on Vitamins and a reading.
Plainfield — Leader, Mrs. R. Sulli-
van; a Valentine skit and flannel-
graph by Mrs. H. Harrison and Mrs.
Swan.

Harts-Riggs — Leader, Mrs. W. R.
Bateman; a humorous reading by
Mrs. Cecil Woods.

Chatterton — Leader, Mrs. Gerald
Irvine; twelve members wearing ap-
rons delighted with a kitchen chorus.
Chapman — Leader, Mrs. S. Wal-
ter; all the members presented a
humorous skit.

Roslin — Leader, Mrs. D. Sills;
Mrs. D. Chisholm read a poem.

Pinegrove — Leader, Mrs. Dave
Hollinger; Mrs. W. Clare gave their
message.

Queensboro — Their leader was un-
able to attend. Mrs. McMurray read
"The Story of a Package of Seeds".

During the course last Fall, vege-
tables in the nutrition pattern were
studied. Potatoes were given indi-
vidual tribute as they contain Vitamin
C and are virtually a staple in Cana-
dian meals. Most vegetables are low
in calories, especially the leafy ones.

Valuable food elements in vege-
tables may be lost during storage,
transportation, preparation or cook-
ing.

Through the ages, vegetables have
been used for food. Onions are be-
lieved to be the oldest vegetable cul-
tivated, and they are mentioned in
the Old Testament. Beans were well-
known to the ancient Egyptians and
Greeks. The Chinese are masters in
the art of serving vegetables and
many restaurants feature menus from
other countries.

Agriculture is Ontario's largest
primary industry and the growing of
vegetables is most important. The
1963 statistics state that each person
ate less than one pound of vegetables
per day so there is room for improve-
ment and it is very worthwhile to
learn more of the food industry which
brings to our kitchens a fresh cab-
bage, a bunch of carrots or a bag of
potatoes.

In "Historical Facts" it is recorded
that back in the 16th century the con-
sort of King Christian VIII made rais-
in bread with oats, eggs and raisins
and Harvest Bread was made with
tart apples which had been dried.

The ladies who took the course
learned a variety of ways to cook and
serve vegetables which included sala-
ds and garnishes. The main thought
was to conserve the vitamins and
minerals.

Vegetable relish trays give a glam-
orous look and they can be used as a
centrepiece in lieu of flowers.

sored their sixth Card Party at the

orated in Valentine setting of hearts

with twenty guests from Stirling,

Stockdale.

"The Murderers Among Us", the
compelling account of the life of
Simon Wiesenthal, who spent his life,
his money, his leisure and his health
in bringing to justice many hundreds
of Nazis, who degraded, despoiled and
destroyed six million of his Jewish
brothers. His most famous, or "in-
famous" victim was Adolph Elch-
mann.

"Earth and High Heaven", by
Gwethalyn Graham, is a story of a
man who decided he'd put to the test
the sincere affirmations of his con-
temporaries, that they were not pre-
judiced against Jews.

"The Chosen", by Chaim Potock, a
book, highly enjoyable reading, show-
ing how, despite the tensions between
youth and age, a moral heritage is
passed on from one generation to an-
other.

"Daybreak", by Joan Baez, is a
poetically vivid autobiography of the
folk artist, from her unconventional
childhood to her work in the Peace

Movement in the U.S.A. The think-
ing of the younger generation is
shown to us, and can help our under-
standing to lessen the "generational
gap" that can seem so wide.

A recent addition to Stirling Pub-
lic Library, "A Century of Christian
Science Healing", may prove inspir-
ing to those attracted to the subject
of spiritual healing.

The book was published in 1966
during the Centennial of the discov-
ery of Christian Science by Mary
Baker Eddy, and includes an exten-
sive chapter of carefully verified
testimonies of healings brought
about through prayer.

Also obtainable at the Library is
the denominational textbook of Chris-
tian Science, "Science and Health
with Key to the Scriptures", written
by Mrs. Eddy.

Available also are the following
books which may give one pause as
he ponders the reason and logic in a
declared "Brotherhood Week" —
"Terror in The Name of God", by
Simma Holt (Doukhobors), "The
Gathering of Zion", by Wallace Steg-
ner, also "The Book of Mormon",
"Hinduism", "Buddhism", "Judaism",
"Islam", and the starkly simple logic
of "Gospel of the Red Man". The
more conventional religions are cov-
ered by other books, either on our
shelves, or available for asking.

Many best sellers are now in —
many more to come. Please students,
ask for help with your assignments,
giving us plenty of time to get books
for you.

As a special tribute to "Brother-
hood Week", we'll end with "Thought-
ful Reading", as well as the usual
"Happy Reading".

STIRLING BANTAMS ADVANCE TO EASTERN ONTARIO FINALS

(By Mike Finnigan)

STIRLING BANTAMS

February 20th:

Stirling and Tweed played very careful hockey at the first of the game. Scoring for Stirling were Mike Hunter, Ron Andrews, with a pair (one was a fine individual effort), Donnie Campbell with a pair, Bill Jackett; Greg Anderson scoring with final tally coming from Art Reid. Stirling took a 2-1 lead in the series. In Tweed

February 21st:

Stirling Bantams could have wrapped it up on Friday night, but were defeated 2-1 in a closely contested game. The Tweed goalie was tremendous, robbing Stirling blind.

Stirling Bantams Oust Tweed

February 24th:

Stirling Bantams opened quickly, putting on tremendous pressure but they couldn't beat the Tweed goalie. Doug Morton took a hooking penalty. This brought Tweed to life, providing Stirling goalie with some anxious moments. Stirling scored with Ron Andrews scoring on a fine second effort. Tweed tied the game up with less than 2 minutes left. At the end of the first period, the score was Tweed 1, Stirling 1.

In the second period, Greg Anderson widened the count to 2-1 with assists from Andrews and Reid. Art Reid's forechecking almost paid off. He hit the post. Andrews scored from behind the net. Andrews scored on a breakaway a minute later. Bill Jackett took a crosschecking penalty. Tweed scored to narrow the count to 4-3.

In the third period, Mike Hunter scored on a rebound from in front of the net. Tweed scored, to narrow the count to 5-4. Ron Andrews scored his fourth goal of the night. Mike Hunter scored the clincher, to make the final score 7-4.

Stirling Novices

The Stirling Novices defeated a tough Wellington squad, two games straight. The boys deserve a lot of credit. They remained undefeated throughout the entire season and playoffs. They defeated Picton 5-2 on Sunday in an exhibition game. They now await their opposition. Congratulations, boys. Good luck in the playoffs.

Stirling Juveniles

February 21st:

The Stirling Juveniles knew they were going to have to skate and check well to win. The score was Tweed 3, Stirling 0, but it was evident that Stirling wasn't going to be pushed around, as the number of penalties indicated. They came up on the short end of the score, but I think they built up confidence in this game.

February 23rd:

The Juveniles seem to have been robbed of this game in Tweed. The score was 4-3, in favour of Tweed, but the score, as I was told, didn't indicate the play. Russell Hagerman, Les Pyear and Steve McKeown scored Stirling's goals. Comments on the game show that with some breaks, Stirling could have come out on top.

He was walking along the road at the time and noticed smoke coming from an outside cellar-way which had been banked with straw as a protection from frost.

The fire had already reached the silos, but Mr. Breaux succeeded in extinguishing the blaze and thus saved the residence.

Mr. and Mrs. Whiteman were at work at the time of the fire.

ACQUAINT YOURSELF WITH TOWN PLANNING

This is one of a series of short articles prepared by your Planning Board for the purpose of acquainting residents of Stirling with Town Planning.

DUTIES OF PLANNING BOARDS

The duties of planning boards are set out in The Planning Act. More specifically, these include:

(a) Investigating and surveying the physical, social and economic conditions in the planning area.

(b) Preparing maps, drawings, texts, statistical information and other material necessary to carry out the various studies.

How Are You Ticking?

President Fred thanked Jessie Johnson and Blanche Reid for the nice lunch they served at Senior Citizens last week and also Myrtle Kirkkey for the very descriptive talk on her recent visit to England. These features of our programme were greatly enjoyed and the eucbre contests were hot. In fact, at our table when it was over, two of us looked like burnt offerings.

Never mind, Mina. We'll meet those Heasman Brothers some time and we won't have to kick under the table, either.

Dis Ole Scribe thinks that Senior Citizens are people and that people are funny.

Some are like wheelbarrows — They don't go anywhere unless pushed.

Others are like kites — You better keep a string on them.

Some are like canoes — They need to be paddled.

Many of our Kids are like kittens — They like to be petted.

Some resemble footballs — No way to tell which way they're going to bounce next.

Then several are just balloons — Just full of air.

On second thought, I think they are like real good watches — Open faced, pure gold, quietly busy and full of good works.

Keep on ticking, folks, and don't get run down, Dis Ole Scribe

Demolishing Building

An interesting and entertaining afternoon was enjoyed by both competitors and audience on Sunday, February 12th, when the Zone F3 Public Speaking contest was held at the Legion Hall in Stirling.

In attendance were Zone Commander Earl Brant and Deputy Commander Bert Bastedo.

The proceedings were under the direction of Cde. Harold Vaughan, Zone Chairman. The contestants and parents were welcomed by Legion President Wiegner de Jong.

A social period concluded the meeting, during which refreshments were served by wives of Stirling Legion members.

Each received a plant.

Mrs. Milne showed her handicraft, the making of Christmas decorations, using cones, cedar, Christmas balls, gourds, artificial flowers, made in miniature and large wreaths, and Christmas candles. All were beautiful and took skill and considerable time to arrange.

St. Paul's U.C.W. Unit Four

A candle's but a simple thing. It starts with just a bit of string. Yet, dipped and dipped with patient hand,

It gathers wax upon the strand, Until complete and gleaming white, It gives at last a shining light.

Life seems so like that bit of string. Each deed we do, a simple thing. Yet, day by day, if on life's strand We work with patient heart and hand,

It gathers joy, makes dark days bright, And gives at last a lovely light.

Opening

With this poem and a short prayer, Mrs. Geo. Carlisle opened the February meeting of St. Paul's U.C.W. Unit Four, held in the Church, on Tuesday, February 18th.

After the theme hymn, business was first conducted and reports by the secretary, Mrs. V. Richardson, and the treasurer, Mrs. J. B. Hough, were read and accepted.

In the absence of Mrs. A. Brooks, the membership report was made by Mrs. Ross Bush. Calls made were reported and mention was made of letters of appreciation received from ill and shut-ins. Mrs. E. Warren stated that returns were still coming in from the "Stirling Booklet" project.

Mrs. Carlisle announced the date of the World Day of Prayer to be held in St. Paul's on the first Friday of March, the 7th. Special speaker will be Miss Etta Snow, a missionary from a vocational show in Angola.

Supply Secretary, Mrs. M. Ayrhart, read a letter, telling of aid sent by various churches to Lebanon and how much it is needed and appreciated.

Mrs. W. Martin addressed the women concerning the lockers and clothing cupboard provided at the church for donations of clothing for children and teen-age boys. This idea really originated from the Christmas project undertaken by our Young People's group. Some of the women offered to check garments for missing buttons or any needing mending. On Clinic Day, the third Monday of each month, this clothing may be obtained.

The women stood for a moment of silent prayer, in tribute to Mrs. S. Prest, recently deceased.

The hostess for the February committee was Mrs. E. Finkle. Mrs. H. Donnan will be leader for the March meeting.

Devotions

The worship service was led by Mrs. J. B. Hough, assisted by Mrs. B. Bateman and Mrs. H. Philp, with Mrs. Bruce Stapley as pianist. The call to worship and invocation was given by Mrs. Hough, and the hymn used was "When I Survey the Wondrous Cross." The scripture lesson, from Luke 9, 51-62, was read by Mrs. Bateman, with comments by Mrs. Hough.

The theme was in keeping with the

season of Lent, "Jesus steadfastly set His face to go to Jerusalem." The word "steadfastly", stands out clearly. Toward the end of that brief ministry begun three years before, Jesus walked on to certain death, knowing only that it was as God had planned. How far are we from being steadfast in our life as Christians — in our thoughts, feelings, acts? Lent is a time of discipline in which we should be steadfast in using the means of Grace, reading our Bible, and in prayer and worship. "Let steadfast be our key-word this Lent on season".

These comments were followed by prayer, that in heart, mind, and service we may more fully do God's will in this world.

A solo by Mrs. H. Philp, was followed by the gathering of the offering by Mrs. Finkle and Mrs. Clancy and dedicated by Mrs. Bateman. Benediction by Mrs. Hough closed the service.

Study

The Study Book, "Man in Life", was introduced by Mrs. V. Richardson, and the first 2 chapters were ably dealt with. The first chapter dealt with discovering the marks of a Christian. Such questions arose as: Why do you call yourself a Christian? What makes one a Christian? How do Christians differ from others?

The second chapter dealt with the motives and feelings in the life of a Christian. Discussion which followed proved most searching and interesting. It would be money well spent if each member bought one of these copies of "Man in Life". They can be ordered through the Literature secretary.

Closing

Mrs. Carlisle closed the meeting with prayer, followed by all joining in the Lord's Prayer, after which afternoon tea was served by the committee in charge. Mrs. R. Rose voiced appreciation of all for the splendid programme and delicious lunch.

February Meeting of U.C.W.

The February meeting of the U.C.W. unit was held at the home of Mrs. Lorne Brooks on Thursday afternoon with an attendance of 18 ladies and 7 children.

The leader, Mrs. Ray Keating, opened with reading a poem and a welcome to all. Mrs. Jack Armstrong, chairman of the programme committee opened with a hymn. Mrs. Jim Keating read the Scripture Lesson and Mrs. Armstrong, the commentary and prayer. Mrs. Arthur Pyear dealt with the 7th chapter of the Study Book, "Panorama of the Bible". The offering was gathered and dedicated. Mrs. Wayne Martin, of St. Paul's, Stirling, was present to invite the Carmel ladies to assist with the clothing cupboard that has been initiated at St. Paul's Church because of the community need.

The entertainment was a reading by Mrs. Clifford Hubble and a "flower" game by Mrs. Ron White.

The hostess and lunch committee, Mrs. John Grills and Mrs. Gerald Fraser served refreshments and a social time was enjoyed. Appreciation was expressed by the leader.

Junior Farmers Annual Meeting

The annual meeting of the Hastings County Junior Farmers was held on February 12th, at Cooper Arena, in the form of a broom ball game.

After enjoying the broom ball game the members went to the Cooper Hall where they discussed the Guelph Conference which will be held from March 21st to the 23rd. Four delegates will be chosen to go.

The officers for 1969 were elected as follows:

President — Gary Bailey
Vice-President — Jim Gunning

Provincial Director — Roscoe Morgan

Hot pizza and coffee were then enjoyed.

River Valley W.I. Card Party

On Friday evening, February 21st, River Valley Women's Institute sponsored their seventh card party at the School House, with twelve tables in play.

There were twenty-three guests from Stirling, Stockdale and Mount Pleasant.

The prize winners were: Ladies' high, Mrs. Claude Tucker; second, Mrs. Milford Wrightman; Men's high, George Scales; second, Jean Donohoe, playing a man's card.

A friend donated five shell prizes for the ladies and these were distributed by number to Miss Lenora Williams, Mrs. H. Faulkner, Miss Joyce Carr, Mrs. Norman Rosebush and Mrs. G. B. Bedford.

Mr. and Mrs.
Kenneth McConnell
Honoured

On Saturday evening, February 22nd, the Mount Pleasant community tendered the newlyweds, Kenneth McConnell and his bride, the former Rose Anne Richmond, a shower party in the Church Hall. Relatives were in attendance from Frankford, Belleville and Stirling.

Orno Sharp was master of ceremonies and the following programme was given. Vocal duet Jim and Rendel Scott, with Mrs. Carleton Potts, as piano accompanist; Harvey Couch and son, Kenneth, provided several musical selections on the harmonica and accordion; Kenneth Sharp gave a recitation; Julie Potts

sang a song; Mrs. Kenneth Weaver and Mrs. Burton Sharpe each read a selection; Donnie Campbell entertained with banjo music; Mr. and Mrs. Craig Watson conducted the assembly music; Mrs. Percy MacMullen recited a humorous number, entitled, "Wives"; Misses Brenda Campbell and Loraine Jeffs contributed a piano duet, and Miss Jeannette Hoard rendered a piano solo. Kenneth and Rose Anne were given seats of honour. Roger Smith read the appreciative address and made the presentation of a gift of money.

The recipients voiced gracious thanks and invited one and all to visit them when they are settled in their home on the third Concession. The individual gifts included a pictorial church plate from the U.C.W. The committee in charge served refreshments and all enjoyed a social half hour.

The guests included Mrs. Garnet Richmond, daughter, Sandra, and son, Arnot, Frankford; Mr. and Mrs. Don Rose, Belleville; Mr. and Mrs. Craig Watson and Jimmie, and Mr. Ralph Dettlor, Stirling.

ICE FISHING

The story is still the same and the results have been grim. For some unknown reason, the fish just aren't biting like they should be. It is true that a few good ones have been landed, but compared to last year, when a guy could go out and almost always come home with two or three nice walleyes and maybe a dozen nice perch, the outlook is rough.

It is known that fish become less active during this time of year and even more so when there is less oxygen in the water. This is usually caused by a thick layer of snow on the ice surface which prevents the sunlight from penetrating to the weed beds where oxygen is generated through a process called photosynthesis. Water also absorbs oxy-

gen when in direct contact with the air. Or maybe the fish are just getting too much to eat but whatever the reason, they better start to bite pretty soon as there is only a little more than a month left to ice fish.

NUISANCE BEAVER

Persons confronted with the problem of a nuisance beaver should contact any office of the Department of Lands & Forests for assistance in making trapping arrangements.

For all those people interested in The Canadian National Sportsman's Show, held in Toronto, will be open from March 14th to 23rd. If you have any interest in the outdoors and have never attended one of these annual Shows, I am sure you would enjoy it very much.

Rylstone

(Mrs. Ellis Jones)
(Held Over)

Word was received here on Tuesday of the sudden passing of Mrs. K. P. Humphries, of Calgary, the former Bertha Gibson, daughter of the late Mr. and Mrs. Wm. Gibson. She was born on the farm now owned by Jim Mumby, where she lived for several years before moving to Calgary, where she died. of Lodge members from this District,
No. 45, attended.

The Degree team from St. Catharines, numbering in the forties, journeyed by bus to be present. During the afternoon, they conferred the Third Degree on a class of thirty-seven candidates. It was carried out in an excellent and impressive manner. Later, they again performed their floor work for the benefit of the ladies and the choir entertained with a few numbers.

While the wives were enjoying bingo and cards in the afternoon, a group of Junior Lodge members from Mohawk Lodge, No. 5, Belleville, were busy selling chocolate bars, pens and soft drinks for the benefit of their Lodge. They also helped to sell tickets on a beautifully hooked mat, three gold links on a wine rack, ground. This was to help the St. Catharines team pay expenses. Mrs. Albert Van Allan, Trenton, wife of District Deputy Van Allan of Encampment District, No. 20, was the lucky recipient.

Brother Al Miller, District Advisor, is taking the Degree team from Mohawk No. 5 to St. Catharines on

March 1st. While there, they will compete with other Junior Lodge teams from all over Ontario. These lads are good and the Brothers wish them well.

A sumptuous banquet, planned and prepared by the Rebekahs from District 48 and 49, was thoroughly enjoyed at 6.15 p.m. A short programme followed the meal. Progressive euchre and dancing completed the evening.

This will be a never-to-be-forgotten day in Oddfellowship for all those privileged to attend.

District Deputy Albert Van Allan, of District No. 20, made his official visit to Stirling Encampment, No. 80, on February 19th.

During the evening, he witnessed the conferring of the Golden Rule Degree. Pat. Glenn Clarke, P.D.D., G.M. was the candidate. Degree Captain Pat. Farley Parnell is to be congratulated on the impressiveness of his team's performance.

Chief Patriarch Glenn Bush welcomed among others, P.G. Pat. Ken Sine, of Peterborough, and P.G. Pat. Earl
